

Alvin Hamdhani (VIN)

Mechanical Design & CAD Engineering

Nagasaki, Japan | github.com/alv-x1 | alv-x1.github.io | JLPT N2

Professional Profile

CAD-focused drafter with practical engineering experience since 2018 across technical drafting, site measurement, progress checking, assembly, and equipment improvement and repair.

Experienced in Indonesia and Japan, with current work in Nagasaki focused on mechanical design and CAD drafting since 2024.

Core Competencies

Technical Design	Engineering Support
AutoCAD — Advanced; 2D / 3D CAD; Mechanical Drawing	Site Measurement; Assembly and Installation Support; Equipment Improvement and Repair
Software	Additional Tools
Excel — Advanced; Word — Advanced	Photoshop; Canva

Professional Experience

Mechanical Design / CAD Drafter | Nagasaki, Japan | 2024 – Present

- **Technical drafting:** Created 2D and 3D technical drawings using AutoCAD.
- **Design support:** Prepared drafting and provided design support for jigs (治具), carts (台車), covers, and installation-related components.
- **Field verification:** Conducted site measurements and confirmed field conditions for drawing requirements.
- **Equipment support:** Supported assembly and installation, equipment improvement and repair, and practical work related to automated TIG welding equipment.

Drafter / Site Progress Checker | Jakarta, Indonesia | 2018 – 2024

- **Technical drafting:** Prepared technical drawings using AutoCAD.

- **Progress checking:** Checked construction progress on site and estimated percentage of completion.
 - **Audit support:** Supported documentation and information gathering for progress audits.
 - **Field reporting:** Compared field conditions with drawings and reported progress findings.
-

Selected Projects & Achievements

- **Busbar Cover — Power Generation Facility:** CAD drafting for a busbar cover used on a power-generation facility project.
 - **Huis Ten Bosch — Clock Repair Support:** Provided equipment-related repair support for a clock in Sasebo.
 - **Jigs & Carts:** Provided practical CAD drafting and design support for fabrication-related items.
 - **Automated TIG Welding Equipment:** Provided direct support for repair and improvement of automated TIG welding equipment.
-

Education

Bachelor of Architecture (S.Ars.) | Institut Teknologi Adhi Tama Surabaya (ITATS) | Graduated 2018

Languages

- **Bahasa Indonesia:** Native
 - **Japanese:** JLPT N2
 - **English:** Strong reading and writing
-

Additional Information

Nationality: Indonesian

Date of Birth: 15 August 1995

Location: Nagasaki, Japan
